“ i have very fond memories of the time Jim and I shared while working together at Logan Jr. High School. He was always ready to tackle any job and was great with the staff and students. After retirement, I enjoyed those times when we would meet out and about, and share a conversation! I am sorry that my current health condition prevents me from attending Jim's funeral, but I wanted you to know that I thought a great deal about him. My thoughts and prayers are with your family.

“ Jamie and Jennifer! I'm so sorry for the loss of your dad. I have so many memories of you and your parents showing horses, at the fair. He was a wonderful man! I loved running into him in Princeton and we would always talk about the "good ole days". He would always be willing to lend a helping hand. My thoughts and prayers are with you all during this time.

“ Why isn't his time as owner of schwingles sales mentioned? He did that for years and it was there Jim had the biggest impact me as a teenager. He was a great guy and will miss him dearly. Taught me a lot and was a great father figure. God bless Mr. Wilhite.

“ Thank you for your condolences, Scott. I apologize for not listing that, I only listed the jobs from which he retired. Grandpa was one of the hardest working men I've ever known, had I listed all of his work efforts, I may have had to have a book published. He absolutely was the greatest father figure and he always spoke highly of you.
