“ *I would like to extend my deepest condolences to Betty, Eric and Brad. I truly enjoyed being around Danny. He always had a positive outlook and a great sense of humor. I also have never seen someone work so hard at playing golf as Danny did, even with his 36 handicap. My best memory would have to be from the first Calcutta at Wyaton Hills. Danny was part of our team and had played way below his handicap putting the team in position to win. As we finished we found out we were tied for first and would be involved in a playoff. I have never seen one person as nervous about a local playoff as Danny was. You would have thought we were playing for the U.S Open Championship. Danny will be greatly missed by all that knew him. I'm sure he is already working on that scratch handicap. Please always remember the good times, that would be Danny's wish. Our thoughts and prayers are with you in this time of loss.*
