I was very sad to hear of David's passing because I was blessed to grow up Princeton, where the children build wonderful and close friendships that last a lifetime. Shelly, Todd, and David are perfect examples of those friendships. We would hang out, along with other friends and have tons of fun and fight like siblings, but at the end of the day, we always had each others backs and knew that we could count on each other if/when we needed help. David, you will be missed by many.
