“ *I met Tina on our first day at Aurora College...we were roommates. She was very nice and was so fun to hang around with. We became friends. We had good times together at school. When we graduated, we went our separate ways for many years. I searched for Tina on Facebook about 3 years ago and we became FB friends. We reconnected and talked about our lives. Tina was so very proud of her son, Payden. I was so sad to hear of her health struggles and was deeply saddened when I heard she passed from this life. God bless you, Tina. You were a wonderful person to know.* ”

“ Tina was my cousin. We only lived four hours away our entire life and we didn't see each other often, but I have fun memories of Christmas time visits and summer vacation visits. Tina, Kathy, Janet, my sister Laurie, and I would play games, put on skits for our parents, and have sleepovers at our grandparents and we would stay in the basement. Tina was a lot of fun. She always was smiling and laughing. My Mom (Aunt Carol) and Tina shared the same birthday. Mom was 20 when Tina was born. They shared a “special bond” for 62 years. I know that we will all miss Tina but we have our memories in our minds and in our hearts and I'm so glad she's not suffering anymore. Love you Tina.

“ Tina was my first and truest life long friend. We grew up together sharing projects like pet shows, writing a book, and planning parades. We played hard, shared life plans, and she even shared her Easy Bake Oven with me. No one could make me laugh like Tina could. And no one can make me cry like I have since I heard she is gone. Rest now Tina, with no more pain. You raised a fine young man in Payden. Your life was rich and full. I will love you always and think of you with joy in my heart that I was privileged to share my life with you. Kyna

“ I met Tina years ago when she needed a daycare for her new born son Payden. I had just opened a Daycare in my home and we hit it off right away, we became good friends and I sure loved her son. She trusted me so much with him that I became his Godmother not officially, but I took it seriously. He was her world I will never forget the fun times we had.love you Tina

“ I have known Tina for too short a time. I remember when I was first diagnosed with breast cancer and was having my first meeting with a doctor at the cancer center. I hadn't told anyone and didn't want anyone to know just yet. As I was waiting to check in someone tapped me on my shoulder and it was Tina. I was glad it was her but was scared as well. Tina told me now to worry she wouldn't say anything and she didn't. She was a beautiful person with a beautiful soul. She will be greatly missed. Rest in peace my dear friend. We will meet again one day.
